**Application for Automatic Extension of Time  
To File U.S. Individual Income Tax Return**

OMB No. 1545-0074

**2011**

There are three ways to request an automatic extension of time to file a U.S. individual income tax return.

1. You can file Form 4868 electronically by accessing IRS *e-file* using your home computer or by using a tax professional who uses *e-file*.
2. You can pay all or part of your estimate of income tax due using a credit or debit card or by using the Electronic Federal Tax Payment System (EFTPS).
3. You can file a paper Form 4868.

**IRSe - file****It's Convenient,  
Safe, and Secure**

IRS *e-file* is the IRS's electronic filing program. You can get an automatic extension of time to file your tax return by filing Form 4868 electronically. You will receive an electronic acknowledgment once you complete the transaction. Keep it with your records. Do not send in Form 4868 if you file electronically, unless you are making a payment with a check or money order (see page 3).

Complete Form 4868 to use as a worksheet. If you think you may owe tax when you file your return, you will need to estimate your total tax liability and subtract how much you have already paid (lines 4, 5, and 6 below).

Several companies offer free e-filing of Form 4868 through the Free File program. For more details, go to IRS.gov and click on *freefile*.

**E-file Using Your Personal Computer  
or Through a Tax Professional**

Refer to your tax software package or tax preparer for ways to file electronically. Be sure to have a copy of your 2010 tax return - you will be asked to provide information from the return for taxpayer verification. If you wish to make a payment, you can pay by electronic funds withdrawal or send your check or money order to the address shown in the middle column under *Where To File a Paper Form 4868* (see page 4).

**Pay by Credit or Debit Card or EFTPS**

You can get an extension if you pay part or all of your estimate of income tax due by using a credit or debit card. Your payment must be at least \$1. You can also get an extension when you pay part or all of your estimate of income tax due using EFTPS. You can pay by phone or over the Internet (see page 3).

**File a Paper Form 4868**

If you wish to file on paper instead of electronically, fill in the Form 4868 below and mail it to the address shown on page 4.

For information on using a private delivery service, see page 4.

**Note.** If you are a fiscal year taxpayer, you must file a paper Form 4868.

**General Instructions****Purpose of Form**

Use Form 4868 to apply for 6 more months (4 if "out of the country" (defined on page 2) and a U.S. citizen or resident) to file Form 1040, 1040A, 1040EZ, 1040NR, 1040NR-EZ, 1040-PR, or 1040-SS.

**Gift and generation-skipping transfer (GST) tax return (Form 709).**

An extension of time to file your 2011 calendar year income tax return also extends the time to file Form 709 for 2011. However, it does not extend the time to pay any gift and GST tax you may owe for 2011. To make a payment of gift and GST tax, see Form 8892. If you do not pay the amount due by the regular due date for Form 709, you will owe interest and may also be charged penalties. If the donor died during 2011, see the instructions for Forms 709 and 8892.

**Qualifying for the Extension**

To get the extra time you must:

1. Properly estimate your 2011 tax liability using the information available to you.
2. Enter your total tax liability on line 4 of Form 4868, and
3. File Form 4868 by the regular due date of your return.

*Although you are not required to make a payment of the tax you estimate as due, Form 4868 does not extend the time to pay taxes. If you do not pay the amount due by the regular due date, you will owe interest. You may also be charged penalties. For more details, see Interest and Late Payment Penalty on page 2. Any remittance you make with your application for extension will be treated as a payment of tax.*

You do not have to explain why you are asking for the extension. We will contact you only if your request is denied.

Do not file Form 4868 if you want the IRS to figure your tax or you are under a court order to file your return by the regular due date.

**General Instructions****Purpose of Form**

Use Form 4952 to figure the amount of investment interest expense you can deduct for 2011 and the amount you can carry forward to future years. Your investment interest expense deduction is limited to your net investment income.

For more information, see Pub. 550, Investment Income and Expenses.

**Who Must File**

If you are an individual, estate, or a trust, you must file Form 4952 to claim a deduction for your investment interest expense.

**Exception.** You do not have to file Form 4952 if all of the following apply.

- Your investment income from interest and ordinary dividends minus any qualified dividends is more than your investment interest expense.
- You do not have any other deductible investment expenses.
- You do not have any carryover of disallowed investment interest expense from 2010.

**Allocation of Interest Expense**

If you paid or accrued interest on a loan and used the loan proceeds for more than one purpose, you may have to allocate the interest. This is necessary because different

rules apply to investment interest, personal interest, trade or business interest, home mortgage interest, and passive activity interest. See Pub. 535, Business Expenses.

**Specific Instructions****Part I - Total Investment Interest Expense****Line 1**

Enter the investment interest expense paid or accrued during the tax year, regardless of when you incurred the indebtedness. Investment interest expense is interest paid or accrued on a loan or part of a loan that is allocable to property held for investment (as defined on this page).

Include investment interest expense reported to you on Schedule K-1 from a partnership or an S corporation. Include amortization of bond premium on taxable bonds purchased after October 22, 1986, but before January 1, 1988, unless you elected to offset amortizable bond premium against the interest payments on the bond. A taxable bond is a bond on which the interest is includible in gross income.

Investment interest expense does not include any of the following:

- Home mortgage interest.
- Interest expense that is properly allocable to a passive activity. Generally, a passive activity is any trade or business activity in which you do not materially participate and any rental activity. See the Instructions for Form 8582, Passive Activity Loss Limitations, for details.

- Any interest expense that is capitalized, such as construction interest subject to section 263A.

- Interest expense related to tax-exempt interest income under section 265.

- Interest expense, disallowed under section 264, on indebtedness with respect to life insurance, endowment, or annuity contracts issued after June 8, 1997, even if the proceeds were used to purchase any property held for investment.

**Property held for investment.** Property held for investment includes property that produces income, not derived in the ordinary course of a trade or business, from interest, dividends, annuities, or royalties. It also includes property that produces gain or loss, not derived in the ordinary course of a trade or business, from the disposition of property that produces these types of income or is held for investment. However, it does not include an interest in a passive activity.

**Exception.** A working interest in an oil or gas property that you held directly or through an entity that did not limit your liability is property held for investment, but only if you did not materially participate in the activity.

**Part II - Net Investment Income****Line 4a**

Gross income from property held for investment includes income, unless derived in the ordinary course of a trade or business, from interest, ordinary dividends (except Alaska Permanent Fund dividends), annuities, and royalties. Include investment income

**What's New**

- The work opportunity credit expired for employees not certified as qualified veterans who began work after 2011. Do not report wages paid or incurred to these employees on Form 5884 unless the credit is extended. See [www.irs.gov/form5884](http://www.irs.gov/form5884) for the latest information about this credit.
- The VOW to Hire Heroes Act of 2011 (a) expanded the definition of "qualified veteran" to include certain unemployed qualified veterans who begin work after November 21, 2011, and before 2013, (b) increased the amount of qualified first-year wages used to figure the credit for certain qualified veterans, and (c) extended the credit to cover all employees certified as qualified veterans who begin work after 2011 and before 2013.
- The Act also allows qualified tax-exempt organizations to claim the credit against certain employment taxes for qualified veterans who begin work after November 21, 2011, and before 2013 (see Form 5884-C, Work Opportunity Credit for Qualified Tax-Exempt Organizations Hiring Qualified Veterans).
- Renewal community designations expired at the end of 2009. Wages paid or incurred for services performed after

2009 by a designated community resident or summer youth employee who lived in a renewal community may no longer qualify for the work opportunity credit unless the designation is extended.

- The carryforwards, carrybacks, and passive activity limitations for this credit are no longer reported on this form; instead, they must be reported on Form 3800, General Business Credit.

**Purpose of Form**

Use Form 5884 to claim the work opportunity credit for qualified first- or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Taxpayers, other than partnerships, S corporations, cooperatives, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

**What's New**

- The IRS has created a page on IRS.gov for information about Form 6765 and its instructions at [www.irs.gov/form6765](http://www.irs.gov/form6765). Information about any future developments affecting Form 6765 (such as legislation enacted after we release it) will be posted on that page.
- The credit for increasing research activities is scheduled to expire for research expenses paid or incurred after 2011. Do not include research expenses paid or incurred after 2011 on this form unless these credits are extended. If they are extended, the change will be highlighted under *Highlights of Recent Tax Changes* at [www.irs.gov/formspubs](http://www.irs.gov/formspubs) and at [www.irs.gov/form6765](http://www.irs.gov/form6765).
- If you are claiming the reduced credit under section 280C, you must use Form 6765 to clearly indicate an intent to make the election.

**Purpose of Form**

Use Form 6765 to figure and claim the credit for increasing research activities or to elect the reduced credit under section 280C.

**Who Must File**

An individual, estate, trust, organization, or corporation claiming a credit for increasing research activities; or any S corporation, partnership, estate, or trust that allocates the credit to its shareholders, partners, or beneficiaries must complete this form and attach it to its income tax return. If you are a taxpayer that is not a partnership or S corporation, and your only source of this credit is from a partnership, S corporation, estate, or trust, you are not required to complete or file this form, with the following exception: you are a taxpayer that is an estate or trust and the credit can be allocated to beneficiaries. For more details, see the Instructions for Form 1041, Schedule K-1, box 13.

**Note.** Corporations filing an amended return to claim a credit or refund of the research credit, see Notice 2008-39, I.R.B. 2008-13 684, available at [http://www.irs.gov/irb/2008-13\\_IRB/index.html](http://www.irs.gov/irb/2008-13_IRB/index.html) for information on where to file.

**Qualified Research**

The research credit is generally allowed for expenses paid or incurred for qualified research. *Qualified research* means research for which expenses may be treated as section 174 expenses. This research must be undertaken for discovering information that is technological in nature, and its application must be intended for use in developing a new or improved business component of the taxpayer. In addition, substantially all of the activities of the research must be elements of a process of experimentation relating to a new or improved function, performance, reliability, or quality. The research credit generally is not allowed for the following types of activities.

- Research conducted after the beginning of commercial production.
- Research adapting an existing product or process to a particular customer's need.
- Duplication of an existing product or process.
- Surveys or studies.
- Research relating to certain internal-use computer software.
- Research conducted outside the United States, Puerto Rico, or a U.S. possession.
- Research in the social sciences, arts, or humanities.
- Research funded by another person (or governmental entity).

If you incur qualified clinical testing expenses relating to drugs for certain rare diseases, you can elect to claim the orphan drug credit for these expenses instead of the research credit. See Form 8820, Orphan Drug Credit.

See section 41 and Regulations sections 1.41-2 and 1.41-4 for other definitions and special rules.

**Special Rules**

See section 41(f) and Regulations sections 1.41-6 and 1.41-7 for special rules related to:

- Aggregation of expenses for members of controlled groups and businesses under common control;
- Allocation of the credit by partnerships, estates, and trusts;
- Adjustments, if a major portion of a business is acquired or disposed of; and
- Short tax years.

For special rules concerning the allocation and apportionment of research and experimental expenses between U.S. and foreign source income, see sections 861 through 864.

**Member of Controlled Group or Business Under Common Control**

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 41(f)(1)(A) and (f)(5)) and all members of a group of businesses under common control (as defined in section 41(f)(1)(B)), are treated as a single taxpayer. Use Section A or B to figure the credit for the entire group, but enter only your share of the credit on line 17 or line 34, whichever applies. Attach a statement showing how your share of the credit was figured, the name and employer identification number or taxpayer identification number of the other members of the group, and the designated member. Write "See Attached" next to the entry space for line 17 or line 34.

If a member of a controlled group of corporations or businesses under common control has filed its return using a method different from that of the designated member, then that member should file an amended return to conform to the designated member's method.
